

WELCOME TO GMG

GMG is a not-for-profit organization that brings the global mining community together by providing a platform for collaboration and a space that fosters network and relationship building between stakeholders from across the mining industry.

This open and inclusive hub for innovators facilitates and mobilizes the sharing of knowledge, expertise, and experience to develop operator-driven guidance, resources, and common practices that can be operationalized in response to some of the industry’s most pressing demands across the globe.

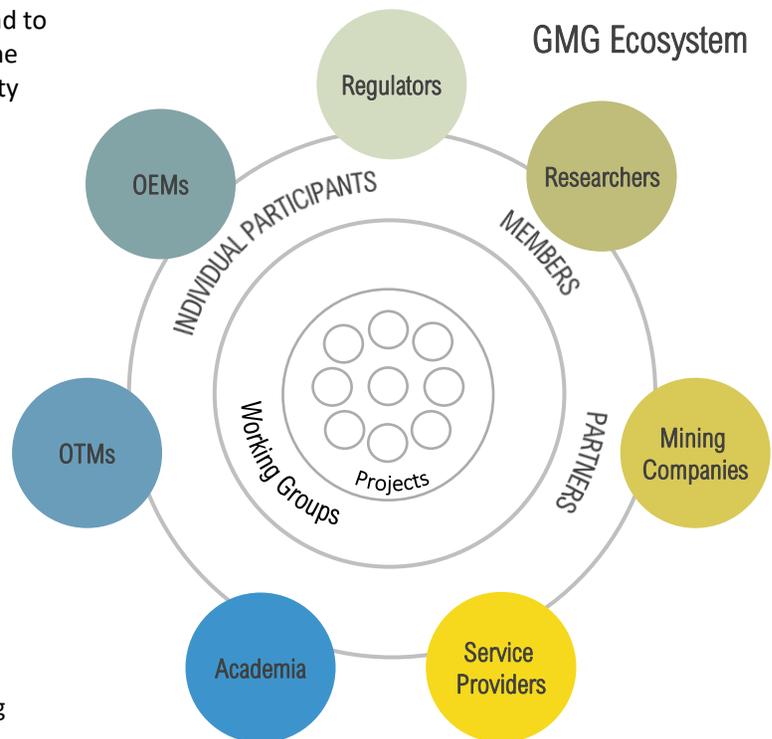

TRANSFORMATION THROUGH COLLABORATION

In response to the industry’s most pressing needs and to support the ongoing technology transformation in the mining system, GMG is building a sense of community and developing a network made up of a diverse group of stakeholders from around the world.

Through its 9 working groups, members and participants collaborate to produce guidelines and other documentation that offers best practices, guides on the implementation and adoption of new technologies, provides education, and develops industry alignment. They are the product of industry-wide collaboration based on experience and lessons learned.

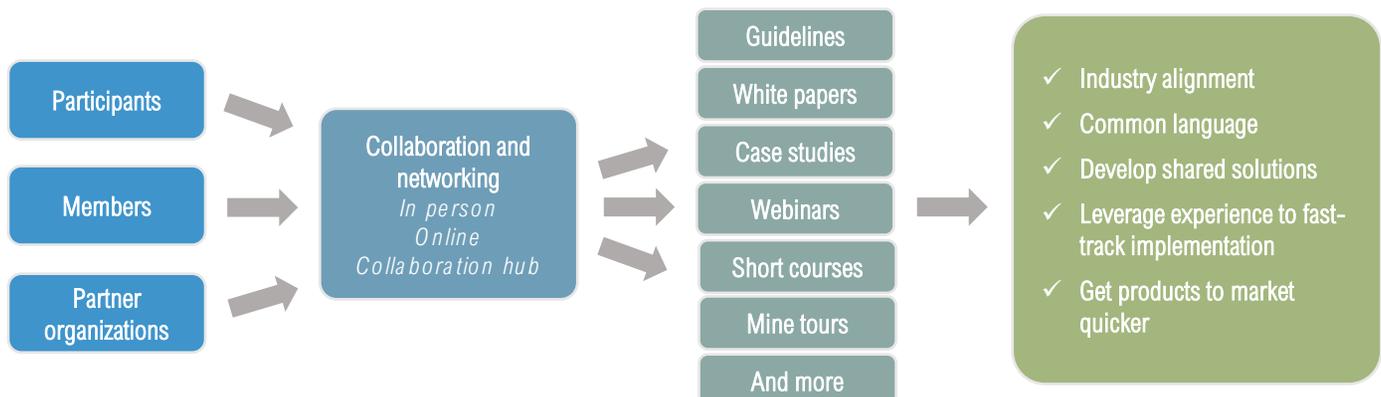

WORKING GROUPS

- Artificial Intelligence
- Asset Management
- Autonomous Mining
- Cybersecurity
- Data & Interoperability
- The Electric Mine
- Mineral Processing
- Sustainability
- Underground Mining

HOW IT WORKS

Here’s a high-level look at the way it all works.

HOW TO GET INVOLVED

All employees of member companies are welcome to get involved in GMG. Here are some things to consider before diving into the GMG community:

From a corporate perspective

What working groups or projects should my company be involved in? Who within the company should be involved and in what way (steering, sharing expertise, learning)? What level of involvement are we looking for?

From an individual perspective

What do I want to get out of my involvement? How much time do I want to invest? Do I prefer taking on a leadership role or taking on tasks? Am I more interested in absorbing knowledge or sharing expertise?

Tip!

Ideally a company would have different people participating in the different working groups and projects – this gets the right people with the right expertise in the right places and avoids volunteer exhaustion.

There are so many ways to get involved – let's find what works best for you:

LEADERSHIP ROLES (members only)

	Board of Directors	Governance Committee	Leadership Advisory Board	Working Group Coordination Committee	Working Group Steering Committee	Project Steering Committee
Responsibility	Administering GMG affairs	Hold GMG to high standards of practice; ensure governance reflects member needs	Advise BOD; review project progress and pipeline; provide guidance on projects and collaborations; input on prioritization	Ensure projects move forward and remain relevant	Define strategy; launch projects; motivating and educating broader participants; strategic oversight and guidance	Oversee project plans; ensure outputs are high quality/relevant; ensure projects have balanced stakeholder representation
Who	Elected by GMG membership	Representatives of members	Representatives of leadership members	Working group leaders	Leaders in the field/focus area	Experts on topic
# of positions	7	< 12	2 / leadership member	1-2 / working group	< 12	< 12
Term	2 yrs	2 yrs	As long as membership in good standing	2 yrs	2 yrs	Until project completion
# of meetings	Quarterly	As needed	Quarterly	2 / yr (min)	2 / yr (min)	As needed

SHARE YOUR EXPERTISE

- ✓ Contribute to and/or review content of publications
- ✓ Present during a forum or workshop on an industry topic
- ✓ Present on a GMG related project during a short course, workshop or other industry events
- ✓ Give a webinar
- ✓ And more

ABSORB KNOWLEDGE

Absorb learnings so you can bring that knowledge back to your operation.

- ✓ Participate in webinars, short courses, forums, roundtables, etc.
- ✓ Participate in working group events and workshops
- ✓ And more

THE BENEFITS OF BELONGING TO GMG

There are 3 levels of membership at GMG: General (USD\$5,000), Collaborator (USD\$15,000) and Leadership (USD\$30,000) – all with varying degrees of perks to benefit from.

ALL MEMBERS	COLLABORATOR	LEADERSHIP
<ul style="list-style-type: none">• Influence global mining guidelines, protocols and standards• Demonstrate expertise and knowledge through speaking opportunities• Educate an industry with case studies• Work side-by-side with peers around the globe to:<ul style="list-style-type: none">○ define industry requirements○ develop content for guideline projects○ provide direction to working groups and projects• Build relationships with peers inside/outside of mining, from around the globe• Contribute to deep discussions to define and address the critical problems and challenges mining operations are facing• Lead or propose a project that will result in guidance to the mining industry• And more	<p>Extra Perks:</p> <ul style="list-style-type: none">• Connect with other industry leaders during exclusive Leadership Summits• Provide oversight and guidance through participation in up to three steering committees• Benefit from extra speaking opportunities at GMG events• Recognition as a General member for up to two subsidiaries• And more	<p>Extra Perks:</p> <ul style="list-style-type: none">• Leverage the experiences of other executives as part of the exclusive GMG Leadership Council• Access to executives/senior management from potential customer base or partner organizations• Benefit from a direct link to the GMG Executive Council• Influence an industry to accelerate the pace at which it innovates• Strategize on industry priorities that spark collaboration initiatives during exclusive Leadership Summits• Provide oversight and guidance through participation in up to five steering committees• Benefit from prime speaking opportunities at GMG events• Recognition as a General member for all of your subsidiaries• And more
